What is JMG?

The Junior Master Gardener (JMG) Program is a “hands on” youth gardening/cooking program.

JMG is about GARDENING – with guidance from the Master Gardeners, youth are involved in the entire gardening process, from selecting and planting seeds to harvesting.

JMG is about COOKING – with the assistance of Nutrition Educators, youth will prepare and cook healthy foods from the garden.

JMG is about HEALTHY FOOD - how it makes it from the ground to the dinner table.

JMG is about TEAM WORK and FRIENDSHIP – how to work together as a team in the garden and in the kitchen.

JMG is about COMMUNITY SERVICE – how to give back to the community through donations of food and flowers to area food pantries and senior centers.

JMG is about FUN – how to make learning fun! Additional activities include: a field trip, guest speakers, a parent night, a scavenger hunt, science experiments and studying insects, soil and “lasagna gardening.”

Who can join JMG?

- Youth, ages 8-12 years old
- Youth that have an interest in active outdoor activities, “digging” in the dirt, caring for plants, cooking in the kitchen, eating healthy snacks and meeting new friends
- Parents, grandparents & younger siblings (if supervised by an adult) are welcome at all sessions

What else do I need to know?

- JMG is a 12 week program with a schedule to accommodate the end & beginning of the school year.
- All events are held at the UW-Extension office (except special events, like field trips.)
- To learn more about JMG, please call the Fond du Lac County UW-Extension office at (920) 929-3171, or visit our website at: <https://fonddulac.uwex.edu/hort/jmg/>.

Who works with JMG?
