

Fond du Lac County 4-H Shooting Sports Code of Conduct

I will make every effort to attend each practice session.

I will learn and practice safety rules.

I will follow the instructions of the shooting sports leaders.

I will remain in the designated areas.

I will pick up after myself, not expecting others to clean-up after me.

I will take my turn to shoot when designated and wait patiently for others to take their turn.

I will respect the property (facilities and equipment) of others.

I understand that I am in shooting sports to learn a new skill, to be challenged with new opportunities, and to enjoy the experience.
