Covid-19

Covid-19 has stopped 4-H from holding in person meetings, events and activities, but this doesn't mean 4-H has to stop happening. Online meetings are encouraged! Youth can work on 4-H projects independently, learn online, or teleconference with leaders to continue learning. Many activities, events, and meetings will be transitioned to virtual platforms. Creative Arts Festival was held on March 28th on Facebook as a virtual event. If you missed it go to the Fond du Lac 4-H Facebook page and check out all the wonderful youth work that was shared. Please be sure to check your email and Facebook for updates. There will be weekly emails sent out on Friday afternoons with updates and activity ideas! Please stay positive and safe during this pandemic. If you have any ideas to share about activities or community service projects during this time, please send them to tracy.keifenheim@wisc.edu as we would love to share what everyone is doing!

4-H Summer Camp 2020

Camp registration will be opening in Mid-April. We are moving forward with camp, as we are hopeful that we will be back to the new normal by June!

If this changes, notification will be sent out. We are still looking for 2-3 more adult chaperones at this time as well! Look for a camp email with the flyer for registration details! It will be posted on the website as well once registration is open! Registration will be completed through 4-H online and payment will be due at a later time.

New Family Corner

What is a 4-H Project?

Upon joining 4-H, your child enrolled in one or more projects. These projects give your child the opportunity to learn specific skills, such as building a rocket, riding a horse, cooking food, wiring a lamp, etc. Additionally, they practice and develop life skills of decision-making, accepting responsibility, planning and organizing, critical thinking, and more. There are many projects that have project leaders, on either a club or county level, who are interested in teaching these skills. They do this by offering "project meetings." It is important for your child to attend the project meetings so they 1) learn a new skill, 2) interact with youth who have similar interests, and 3) get excited (and motivated) about working on their project.

If you are not aware of scheduled project meetings, contact your general leader to find out if there is a leader for that project in your club. If there is not one, you might consider volunteering in that capacity.

Serving Our Communities

Thank You Volunteers

April 19-25 is National Volunteer Week, a time to salute our volunteers and say thank you. You are teaching, serving as role models, planning and organizing, advising, raising funds and being mentors so young people may have the best experiences possible. We have **15** new volunteers and **204** returning volunteers this year. When the returning volunteers enrolled through [4hOnline](#) this year, they were asked to give an estimate of how many hours they volunteered last year in 4-H. **202** volunteers indicated they gave a total of **8,821** hours. WOW, that is an impressive contribution. Thank you. We appreciate your dedication.

Fostering Leadership

Spring 4-H Leader Meeting

Fun, information-filled meetings are held for 4-H leaders, youth, and volunteers three times a year. The 2020 spring adult leader meeting will be **Saturday, April 25 from 9-11 am via zoom**. The theme is **Leadership Blooming!** You can join the meeting from the comfort of your own home! We hope to see every club there! There will be an executive board meeting on **Thursday, April 2 at 6:30pm via Zoom**. Meeting information will be emailed out to get logged in.

An introduction on how to use Zoom will take place on the and dates will be emailed out in the weekly communication. The intro class would be best if participants use a computer or tablet to Zoom as we will be doing lots of hands on practicing! The link and phone number are the same for the Executive Board Meeting, Practice Zooms, and the Spring Leader Meeting. Please RSVP to Tracy at tracy.keifenheim@wisc.edu if you will be attending.

April 4-H Challenge

This is not a contest, but simply a personal challenge youth can complete on their own to hone their skills. Yet, everyone who participates will be put in a drawing for some super sweet 4-H swag (once we can get back in the office). Take a picture of your work and submit it through this link: <https://forms.gle/QCZWRvCwsD1TfweT9>. Look for details about the challenge on the Fond du Lac County Facebook page and weekly email update!

Seeking the 53rd Fond du Lac County Fairest of the Fair

I am Cayley Vande Berg, the 2020 Wisconsin Fairest of the Fairs and formerly served as the 2019 Fond du Lac County Fairest of the Fair. As I reflect on my reign as the Fond du Lac County Fairest of the Fair, I can truly say that this opportunity has been eye opening and life changing. As Fairest, I was able to experience the fair from a different perspective. I watched from the outside of the show ring for the first time, but my passion for our county fair was stronger than ever. I am sure many of

you can recall the less than ideal weather we had at the 2019 fair, but for me, it was my best fair yet! What made it the best fair? Representing the 2019 Fond du Lac County Fair allowed me to express my passion for agriculture, bring our community together, showcase our 4-H and FFA youth in action, and promote the fair industry.

The Fairest of the Fair position has aided me in further developing myself professionally and personally through the competition process and other opportunities. The 53rd Fond du Lac County Fairest of the Fair contestants will complete a written application, write a radio advertisement, and participate in a radio interview and individual interview. Additionally, contestants will meet with the Wisconsin Fairest of the Fairs to learn poise, professionalism, and public speaking tips and tricks. The crowned Fairest of the Fair will participate in the Wisconsin Fairest of the Fairs Convention held in the Wisconsin Dells January 10-13, 2021.

I truly wish that everyone can see the value of the strong Fairest of the Fair program that we have built in Fond du Lac County over the last 52 years. County Fair Swine, Sheep & Meat Goat Self-Identification Update

Project animals are identified to maintain the integrity of the project. Per the recent Governor Evers announcement on 3.23.20 where he issued a "Safer-at-Home" order, we're are postponing the distribution of ear tags for hogs, meat goats, and sheep. At this time, the market livestock committee does not know when distribution of ear tags will be conducted. Once the "safer-at-home" order has been lifted, a date will be shared with families on when, where, and how to pick up ear tags with a final date announced for submission of self-ID forms. This year, self-ID forms will be submitted via online form. Plenty of notice will be given when this will occur.

At this time the goal is still to distribute ear tags and/or have a Self-ID process in place, while being flexible with dates and deadlines to ensure all who want to show and qualify for the sale this July can. Remember, individuals are allowed to identify up to 5 each, lambs, hogs, and/or meat goats, and up to 3 beef, and only sell 1 animal regardless of number of animals or species shown. Please visit the Fond du Lac County Fair Premium Book for rules regarding the Market Livestock Project and Sale at <https://www.fonddulacountyfair.com/p/exhibitor-information>.

Terminal Swine Show

Due to state requirements regarding PRRS (porcine reproductive and respiratory syndrome) testing, Fond du Lac County will be hosting a terminal swine show. All hogs shown at the county fair

will be sent directly to slaughter (via processor or stockyards) immediately following the fair. Going to a terminal show will eliminate the need for exhibitors to test prior to the fair. Exhibitors are encouraged to find buyers for their non-sale hogs and make appointments early for processing with local processors. For more information, please contact chairperson Ed Schrauth at 920.960.8106.
